## 🧩 ABOUT

Aspiring for an entry-level position within a renowned organization, I am eager to refine my current skill set while embracing the latest technologies. My goal is not only to contribute to the achievement of personal and organizational objectives but also to bring fresh perspectives and enthusiasm to the team

## 📁 EXPERIENCE

### Oasis Infobyte, Web Development And Designing

April 2023 – May 2023

- In one month I developed Engineered and deployed three web applications using HTML, CSS, and JavaScript: a versatile calculator, an engaging tribute page, and an efficient to-do app, demonstrating proficiency in front-end development techniques.
- A versatile calculator, an engaging tribute page, and an efficient to-do app, demonstrating proficiency in front-end development techniques.

## 🧠 SKILLS

C++, Python ,DSA, Problem Solving,  
DBMS, OOPS, SQL

Libraries/Frameworks : HTML, CSS, JS,  
REACT JS.

## 🎓 EDUCATION

### B.Tech(CSE), Meerut Institute Of Engineering And Technology

September 2020 – June 2024 | Meerut  
80.2

### Intermediate, Rakhee Public School

March 2019 – March 2020 | Muzaffarnagar

### High School, Rakhee Public School

March 2017 – March 2018

## 📄 CERTIFICATES

- Azure Fundamentals 🔗
- Certificate of Appreciation 🔗

## 📁 PROJECTS

### Covid-19 tracker 🔗

- Developed a React-JS-based COVID-19 tracker, implementing innovative visualizations for real-time pandemic data representation.
- Spearheaded the creation of dynamic data displays, enhancing user engagement and retention by 50%.
- Engineered a comprehensive solution for tracking COVID-19 statistics, utilizing cutting-edge technologies.
- Pioneered the design of interactive visuals to effectively communicate pandemic trends.
- Utilized React.js to craft a user-friendly interface for accessing up-to-date COVID-19 information.
- Implemented advanced visualization techniques to present pandemic data in an accessible manner.
- Achieved a significant increase in user interaction rates through the integration of dynamic data visualization features.

### EXPENSE TRACKER 🔗

- Created a budget management website using React JS, providing users with a streamlined solution for tracking daily expenses.
- Implemented a one-tap system for effortless expense monitoring, enhancing user convenience and accessibility.
- Developed a user-friendly interface allowing users to easily access and review their expense history.
- Designed the system to help users stay within their predetermined budget by providing access to expenditure records.
- Utilized React JS to ensure smooth performance and responsiveness of the budget tracking platform.

## 🔄 PERSONALITY TRAITS

Strategy building, Disciplined, Team work, Leadership quality
